Paul A. Hackenberry
Acting Director
Federal Law Enforcement Training Center

We have reviewed management's assertions in Section V of the accompanying Federal Law Enforcement Training Center's (FLETC) Annual Report of Fiscal Year 2001 Drug Control Funds (Submission).

Our review was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion.

The Submission, including the assertions made, was prepared pursuant to 21 U.S.C. §1704(d) and Office of National Drug Control Policy (ONDCP) Circular: *"Annual Accounting of Drug Control Funds"* (Circular), and is the responsibility of FLETC's management.

Based on our review, nothing came to our attention that caused us to believe that management's assertions included in Section V of the accompanying Submission are not fairly stated, in all material respects, based on the requirements set forth in the Circular.

This report is intended solely for the information and use of the management of FLETC, the Department of the Treasury, the ONDCP, and Congress, and is not intended to be and should not be used by anyone other than these specified parties.

II. METHODOLOGY

The Federal Law Enforcement Training Center (FLETC) is an interagency law enforcement training facility providing training to 74 Federal agencies and state, local, and international governments. The FLETC provides premium training programs in support of drug enforcement activities. The following are percentages that have been provided by ONDCP for use in calculating FLETC's drug methodology:

For BASIC TRAINING PROGRAMS-- The following agency percentages should be applied to the total student weeks of training by agency:

Forest Service	.2%
BIA	1.1%
BLM	.6%
U.S. Fish and Wildlife Service	.1%
National Park Service	.4%
BOP	55.9%
Coast Guard	13.7%
IRS	.7%
INS	16.6%
USBP	16.6%
Marshals	39.2%
ATF	45.6%
Customs	31.7%
FinCen	30.0%
USSS	14.0%

For AGENCY ADVANCED TRAINING PROGRAMS-- The same above percentages will be applied to the total student weeks of training by agency.

For CENTER ADVANCED TRAINING PROGRAMS-- Any program that has a drug nexus will be included 100%.

For STATE AND LOCAL PROGRAMS--The following should be applied:

GREAT Programs	56.0%
Any program that has a drug nexus.	100.0%

For INTERNATIONAL TRAINING PROGRAMS-- Any program that has a drug nexus and will be included 100%.

Once the total student weeks of drug related training is identified using the above parameters FLETC will calculate the percentage of student weeks of drug related training to the total student weeks of training. That will be the percentage used to calculate the amount of FLETC resources that were in support of the ONDCP programs.

The following is the calculation for FLETC's FY 2001 percentage.

Type of Training	Student-Weeks
Basic Programs	17,619
Agency Advanced Programs	2,075

State & Local Advanced Programs	1,232
GREAT Programs	492
International Programs	292
Total Drug Related Programs	<u>22,085</u>

The total number of student-weeks of training conducted by FLETC during FY 2001 was 106,407. The percentage of drug related training to the total training conducted for FY 2001 is 20.8%.

III. PROGRAM SUMMARY

The FLETC is an interagency training facility serving 74 Federal law enforcement agencies. The major training effort is in the area of basic programs to teach law enforcement skills to investigators and police personnel. The FLETC also conducts advanced programs in areas of common need, such as the use of microcomputers as an investigative tool, marine law enforcement, white collar crime, advanced law enforcement photography and several instructor training programs. In addition, the FLETC offers programs to state, local and international law enforcement officers on a not-to-interfere-with-Federal-training basis.

The FLETC is headed by a Director, who is appointed by the Secretary of the Treasury. The FLETC conducts training in Glynco, Georgia, and in Artesia, New Mexico.

The FLETC's role in supporting the Federal drug control priorities is one of providing training to Federal law enforcement agencies, thus ensuring quality training is provided and eliminating the duplication of training activities. With the training function that FLETC offers to law enforcement officers of Federal, state, local and international agencies, each is better equipped to perform their duties with the ultimate goal of reducing drug production, availability, and use.

The following are the two goals that the FLETC supports in the fight against drugs.

Goal 2: Increase the safety of America's citizens by substantially reducing drug related crime and violence.

The total drug control resources for Goal 2 activities for FY 2001 is \$29.409 million.

Goal 5: Break foreign and domestic drug sources of supply.

The total drug control resources for Goal 5 activities for FY 2001 is \$.152 million.

The total drug control resources in support of the National Drug Control Strategy for FY 2001 is \$29.561 million.
